

**NEW!**

## Optelec ClearReader+ Advanced

**Your intuitive reading assistant to scan, view, magnify, save and/or listen to any printed text in one portable solution**

The Magnification Feature Pack expands the functionality of the Optelec ClearReader+ scanning and text-to-speech reading device, and now offers electronic video magnifier and document saving capabilities.

By the press of a button, you can both view and/or listen to scanned or saved text instantly and simultaneously with user-friendly controls. Connect the Optelec ClearReader+ to any VGA monitor, TV, or Video Magnifier and select your preferred high contrast color and text magnification using the Magnification Feature Pack. View photos and save important documents on a SD memory card or USB flash drive for later reference.

The Optelec ClearReader+ Advanced combines ease of use, video magnification, high quality multilingual speech output, and fast text-to-speech recognition technology with an attractive portable design.
